IT CHANGE MANAGER

Change Management | Incident Management | Problem Management

ITIL-certified Change Management professional with 3 years of experience managing enterprise IT changes across infrastructure and application environments. Proven track record of governing 400+ monthly change records with 100% SLA compliance, facilitating CAB/TRB reviews, driving audit readiness, and reducing change-related risks. Skilled in ServiceNow, stakeholder management, risk assessment, compliance governance, reporting, and continuous service improvement.

CORE COMPETENCIES

- ITIL-aligned Change Management | Risk Assessment | Change Lifecycle (Standard/Normal/Expedited/Emergency)
- Governance, Compliance & Audit Readiness | CAB & TRB Facilitation | SLA/KPI Reporting
- Technical Change Understanding | Implementation & Backout Planning | Conflict Resolution
- Stakeholder Engagement | Cross-Functional Coordination | Change Metrics & Trend Ownership
- Tools: ServiceNow, Jira, Excel, SharePoint

PROFESSIONAL EXPERIENCE

Change Analyst

Accenture, Bangalore

August 2023 – Present

- Classify and manage Standard, Normal, Expedited, and Emergency changes in alignment with ITIL best practices.
- Govern and process 400+ monthly Change Requests (CRs) with consistent 100% SLA compliance.
- Chair weekly CAB (Change Advisory Board) and TRB (Technical Review Board) meetings, driving stakeholder alignment and conflict resolution across cross-functional teams.
- Document and circulate meeting minutes and action items to ensure traceability and accountability.
- Oversee the full change lifecycle—from initiation to closure—ensuring process adherence and timely execution.
- Collaborate with internal teams and external vendors to validate change scope and assess business impact.
- Enforce governance controls to prevent unauthorized or undocumented changes in production environments.
- Automated governance reporting through ServiceNow dashboards, reducing manual effort and improving reporting accuracy.

- Analyze SLA and KPI trends, delivering actionable insights to leadership for performance optimization.
- Develop risk mitigation strategies, including detailed implementation and backout plans for high-impact changes.
- Conduct Post-Implementation Reviews (PIRs) to evaluate success and capture lessons learned.
- Lead process improvement initiatives that reduced change failure rates and improved approval turnaround times.
- Participate in daily, weekly, and monthly governance calls to review change health and compliance metrics.
- Collaborate with Incident, Problem, and Configuration Management teams to ensure change alignment and root cause resolution.
- Execute urgent/emergency changes with precision, adhering to PBA mailing protocols and escalation procedures.
- Utilize ServiceNow Change Module for accurate logging, tracking, and reporting of change activities.
- Maintain audit readiness through meticulous documentation and compliance with regulatory standards.
- Present dashboards and performance reports to leadership for strategic decision-making.
- Demonstrate strong understanding of infrastructure-related changes and their impact on business services.

SKILLS & TOOLS

- **Change Management:** End-to-End Lifecycle, Change Classification (Standard/Normal/Emergency), Risk & Impact Assessment, CAB/TRB Facilitation, Implementation & Backout Planning, Post-Implementation Reviews (PIR), Compliance & Governance.
